## Cornerstone Laid At New Girl's Home

Phi ceremonies took place as part of old gold day program

Colonial architecture

Dr. E. Wildman Pronounced  
Innovation; Dean Salzer  
Spoke

Cornerstone for the new Alpha sorority house, now under construction at the corner of Locust and Hanna streets, was laid with appropriate ceremony Saturday afternoon as a part of the Old Gold Day program. President Clyde E. Wildman pronounced the innovation; Dean Salzer spoke.

Terre Haute represented the Phi alumnae while Miss Marie Danville, Ill., president of the new chapter, represented the alumnae. The DePauw chapter, approaching its fiftieth anniversary, having been founded in 1889, new chapter house will be of colonial architecture and of white construction. It is designed to accommodate thirty-five girls, and the donors promise that it will be for occupancy by January.

Members of the building committee, Mrs. Walter Tulley and Mrs. E. J. Terre Haute; Mrs. James C. King and Mrs. Neal Grider of Indianapolis, and Miss Lenore of Greencastle. The new house, when finished, will be the block of sorority between Hanna and Elm streets and along with Alpha Gamma, Kappa Kappa Gamma and Chi Omega forms what is on the campus as "sorority row."

## Wingert, 71, Expired Friday

In Putnam County; Path Followed Illness Of Sixteen Years

Laura Robinson Wingert, 71, Friday afternoon at her home, 100 West Main street, in Crawfordsville, following an illness of 16 years. She was due to a complication of pneumonia.

Wingert was born in Putnam county, Oct. 13, 1867. She was the daughter of Edwin and Polly Jane Robinson. She was married to Bailey Wingert near Roachdale in September, 1887.

Wingert attended Ladoga school and later taught school in Putnam county. She was a member of the Presbyterian church.

Surviving are one sister, Mrs. E. J. of Evansville, Ind., and a daughter, Mrs. Howard Ashby of Chicago, and several nieces and nephews.

Funeral services will be held Sunday afternoon at 2:30 o'clock at the home of Mrs. Wingert. Burial will be made in Hill cemetery.

Young Democratic club of Putnam county will sponsor a dance at Grant hotel, and the organization has invited the public to attend and enjoy the event. It was announced that other arrangements are being planned for the coming winter.

Wingert's party is planned as a get-together, and we hope the old as well as the young will enjoy it. Everybody is invited to attend. One of the members of the committee in charge.

## 20 Years Ago

In Greencastle

Edward Whelan resumed his work as postoffice after illness. Sherman Nelson was sick. The Putnam county young men are going to Nashville, Tenn., for work was Paul Mahoney.

Charles Broadstreet and her sister, Mrs. Rex Rafferty, were at home from West Point. The latter had been seriously ill with pneumonia.

**TO SPAN SMALLER STREAM**  
The hoary-headed covered timber bridge which spanned Big Raccoon creek just south of Raccoon, in north Putnam, through a century, will soon span a much smaller stream—Little Walnut—not far from Clinton Falls. The abutments have been completed and the false structure has been erected upon which the old bridge will rest until it is completely bonded together and able to sustain its own weight. It is believed the structure will thus have given to it a new lease on life, and another half-century, of usefulness, at least, is expected from it, if not another full century.

## Dr. Henry McLean Spoke At Chapel

MANY DEPAUW ALUMNI, FRIENDS AND PARENTS HERE FOR OLD GOLD DAY

Hundreds of DePauw alumni, parents of DePauw students, and friends of the University were on the campus Saturday for Old Gold Day, DePauw's annual Fall Homecoming celebration.

Dr. W. Henry McLean, DePauw graduate with the class of 1910 and one-time alumni secretary and assistant to the president under the administration from 1922 to 1929, was the speaker for a special chapel service in Meharry Hall at 10 o'clock. President Wildman presided.

Many students attended the chapel as well as alumni, parents and special guests. Following the chapel service, the quarterly meeting of the Board of Trustees and visitors was held in the Faculty room of the Administration Building.

The highlight of the afternoon program was the homecoming football game between DePauw and Manchester. Until last Saturday's double up-set, both teams were tied for the lead in the Indiana Conference.

Following the game the traditional "Mixer" was held in Bowman Gymnasium for the homecoming crowd where faculty and students mingled with alumni and parents. Most of the fraternity and sorority halls of residence planned special dinners for their returning alumni Saturday night.

Many of the visitors planned to remain over Sunday to hear President Wildman speak at the special church service in Gobin Memorial Church Sunday morning, and to hear Prof. Koling's piano recital Sunday afternoon.

Practically every fraternity house and hall was decorated for Homecoming, many boasting unique and attractive decorations. A trophy is awarded each year by Kappa Tau Kappa, interfraternity council, for the best decorated house. The winner is announced at the Old Gold Day chapel. Special music for the chapel was provided by Prof. Van Denman Thompson on the Bowman organ, which was rebuilt this last summer.

## Capone Aid Is Assassinated

BERT DeLANEY KILLED BY GANG IN CHICAGO, FORMER BREWMASTER

CHICAGO, Oct. 22.—(UP)—An assassin shot and killed Bert DeLaney, 59, former superintendent of Al Capone's \$20,000,000 bootlegging industry during prohibition, as he stepped out of his automobile last night. It was the 11th gang slaying in Chicago in four months.

Police believed it had been motivated either by racketeer-union or gangland troubles. It bore the touch of the professional dry-era killer.

DeLaney's sweetheart, Mrs. Ruth McAvoy, and her brother-in-law, Carl White, witnessed the slaying. They had driven up to Mrs. McAvoy's apartment with DeLaney. They got out of the automobile and went to the building entrance. As they stood there, waiting for DeLaney, the killer crept up behind him and fired three shots. Then, as DeLaney lay on the sidewalk, the gunman pumped three more bullets into his back, fled down the street and jumped into an automobile driven by an accomplice.

Mrs. McAvoy told police she and DeLaney had been sweethearts for seven years and that, until repeal, he had been well supplied with money. Neither she nor White could describe the killer. Both said they knew of no motive for the slaying.

DeLaney was one of the men behind the Capone Scene. Although important in the gang chief's enterprises, he seldom figured prominently in the news. He supervised brewing of beers that the syndicate placed on bars at prices that ranged as high as \$1 a bottle.

## FORD MAY CALL 35,000 MEN TO WORK

WOULD BRING HUGE PLANT BACK TO PEAK PRODUCTION

INJECT NEW STIMULANTS

Production Lifted To Levels Near Those Of The "Golden Era" Before 1929

DETROIT, Oct. 22.—(UP)—Henry Ford may call 35,000 men to jobs within a few days, bringing his huge plant to peak production and the automobile industry generally to its highest level of the year, trade observers said today.

About 50,000 men are at work now in Ford's river rouge plant, according to Ward's automobile survey. With final assembly on 1939 models already started, it was believed Ford production would reach full stride next week. The plant operates with 85,000 workers in peak production periods.

New stimulants were being injected into the rising automobile industry. Leaders were confident that the industry, in the past a reliable barometer of general business conditions, again was setting the pace for general business recovery.

With Ford at full production, the industry's "big three" will have lifted production to levels in the neighborhood of those of the "golden era" before 1929.

Last night the Chrysler Corporation, which this week called back 34,000 employees to start work on 1939 models, announced salary increases for between 10,000 and 11,000 office workers receiving \$300 a month or less. The increases are restoration of pay cuts made last March 16.

It was the second encouraging move in the industry of the week. Earlier, General Motors Corporation announced jobs for 35,000 more workers in its 69 factories and restoration of cuts for all salaried employees receiving less than \$300 a month.

At the same time Ward's reports disclosed that automobile production this week reached the highest level since Dec. 18, 1937. Alfred H. Ward, president of the Trade Publication, estimated production at 68,630 units as compared with 50,540 last week. He said constantly rising orders at all factories had caused the spurt.

At the Plymouth factory, 80,000 unfilled orders were on the books. Other concerns also reported unfilled orders and dealers throughout the country were clamoring for cars. Many autoists, it was reported, are buying cars unseen.

Ward predicted that this year from 3,500,000 to 4,000,000 cars and trucks would be put up for sale.

General Motors led the parade in the back-to-work movement sweeping the industry. Re-employment of 35,000 will bring that corporation's total employment to 195,000 workers by November 1.

Chrysler, calling back 34,000 men, increased production schedules 20 per cent. About 54,000 men in Chrysler plants were supplying orders for 137,000 new 1939 cars.

Last night, President K. T. Keller of Chrysler announced:

"In view of the anticipated increase in the volume of general business and the favorable reception of the corporation's models for 1939, the following revisions in salary compensations will be made effective as of Oct. 31, 1938, and to cover the two weeks just preceding: Those employees prior to March 16, 1938, who were compensated on a basis of \$300 a month or less, will be restored the salary cuts made effective on that date."

Part plants in other parts of the nation naturally were affected by the production movement. In Toledo, for instance, 51 major plants had added from 100 to 700 workers weekly for the last six weeks.

**BENES ENROUTE TO U. S.**  
LONDON, Oct. 22.—(UP)—Former President Edouard Benes of Czechoslovakia arrived at Croydon airport today.

The former president, who resigned after the Munich agreement on Czechoslovakia in order to permit a new government to reorganize a "second Czechoslovakia," arrived by airplane at 11:55 a. m. (5:55 a. m. CST).

Benes was accompanied by his wife and a secretarial staff.

The plane in which he arrived was a Czechoslovak one.

Apparently every effort had been made to keep the visit private and unofficial.

Benes's ultimate destination was not revealed, but it has been generally understood that he would make a visit to the United States eventually.

## Geography Prime Subject in Europe's Schools

Scene in a Paris schoolroom  
Coincident with the reopening of the schools of France, came the map-changing events of Czechoslovakia and Germany. Geography immediately became the most important subject of the school curriculum as this glimpse into a Paris schoolroom will attest.

## Mass Evacuation Of Hankow Begins

JAPANESE REACH POINT WITHIN 30 MILES OF EMERGENCY CAPITAL

SHANGHAI, Oct. 22.—(UP)—A mass evacuation of Hankow was started today as the Japanese, following up their occupation of Canton, reached a point within 30 miles of the emergency capital.

Chinese authorities and scores of thousands of the civilian population began evacuating in the early hours of this morning and it was understood that by dawn the city had been turned over entirely to the defending Chinese army.

The evacuation extended to Hankow's sister "Wuhan" cities—Hanyang and Wuchang—adjoining it at the junction of the Yangtze and Han rivers.

Headquarters of the eighth route army, the former Chinese communist army, was removed.

Japanese reports were that Chinese troops on the south bank river had begun to retreat to Changsha, 200 miles south of Hankow on the Hankow-Canton railroad.

Japanese navy landing forces, in cooperation with army infantry, were pressing up both banks of the Yangtze, ready to challenge the Chinese defenders in a finish fight.

The Chinese government, which has long anticipated Hankow's fall, already had established its administrative departments at Chungking, 700 miles up the Yangtze by air line and 900 along the winding river route.

Chungking was to be the new capital to replace Hankow, as Hankow had replaced Nanking, for a new phase of the war.

Sir A. Clarke Kerr, British ambassador to China, was expected to go to Chungking and there confer with Generalissimo Chiang Kai-Shek on the possibilities of British-German mediation, it was understood. Reliable sources said that British and German representatives already had advanced the idea of mediation at Tokyo.

Japanese troops were fully in occupation of Canton, and reports of treachery were circulated in Japanese sources, only to be denied from the Chinese side. The principal allegation was that Gen. Yu Han-Mou, Chinese military governor of the Canton area and Kwangtung province generally, had "decided to surrender."

Whatever had happened—and there was no evidence that it was anything but failure to send troops from the central front to aid the Cantonese militiamen—the Japanese had won an astonishingly rapid and complete victory.

They had cut China's main source of foreign supplies by isolating Canton from Hong Kong and there seemed no doubt that within a short time, perhaps within a few days, they would be in Hankow.

## Jury Acquits Perfect Husband

RUDOLPH SIKORA FREED BY JURY OF 11 MARRIED MEN AND BACHELOR

CHICAGO, Oct. 22.—(UP)—Rudolph Sikora, 31, the "perfect" husband, acquitted of murder last night for killing the man who won his wife's love, indicated today he would make no attempt to win her back.

"I can never feel the same towards her again," he said, "and I don't suppose she can feel the same toward me."

He said he still loves her. But she mourns Edward Solomon, an accountant—the man Sikora shot and killed on a street corner last Aug. 22.

A jury of 11 married men and a bachelor, after two hours deliberation, agreed unanimously on one ballot last night that Sikora was not guilty by reason of temporary insanity at the time of the slaying. In effect, they agreed with defense contentions that he had acted within provisions of the "unwritten" law when he fired the fatal shots.

Russell F. Hornburg, the foreman, said he and his fellow jurors had felt Sikora was no criminal.

"He acted in a way that should protect the sanctity of the American home," he said.

Solomon, a university man, urbane, handsome, had attracted Sikora's pretty wife, Margaret, 22, by reading her poetry and talking with her in side street rendezvous about culture and music, showing her a glamor Sikora never had.

## Townsend To Speak Monday

INDIANA GOVERNOR WILL ADDRESS PUTNAM COUNTY DEMOCRATS AT MEETING

The head-line meeting of the Putnam county Democratic organization will be held Monday evening, October 24, at which time Governor Clifford Townsend will be the speaker.

Gov. Townsend will be accompanied by other state officials and candidates for state offices, some of whom are expected early Monday to visit with Greencastle and Putnam county candidates and friends during the afternoon.

The meeting will be held in the court room, and it is expected to be the largest gathering of the organization for the 1938 campaign. Gov. Townsend has made a vigorous campaign and this speaking promises to be one of his largest meetings.

## WAGE-HOUR STAFF WORKS OVERTIME ON RULINGS

WASHINGTON, Oct. 22.—(UP)—Wage-hour Administrator Elmer F. Andrews and his staff worked overtime today on rulings for the guidance of businessmen in running their factories, stores and offices in accordance with the fair labor standards act.

The law, which establishes a minimum wage of 25 cents an hour for the estimated 11,000,000 workers in interstate industries, does not limit the work day or work week when it goes into effect Monday.

Andrews explained that employers do not have to revamp their work schedules to go on a 44-hour week, but must pay time and one-half in cash for all work in excess of the 44 hours in any week. Employees cannot accumulate overtime and be paid for it in time off in a later week, he said.

Large and small businessmen engaged in interstate commerce are on the same basis under the law, which sets up minimum standards "to help inoculate our economic system against the virus of sweatshops," Andrews said.

Reports were received in Washington that a few firms, primarily in the South, had announced that they would shut down farther than comply. Andrews denounced a "small and scattered minority" of employers, who, he said, "apparently are unwilling or incapable of contributing to the common good."

## CIRCUIT COURT NOTES

A petition has been filed in the circuit court for the appointment of a guardian for Thomas D. Strawn, of Franklin township.

Ella Mae Hunter is plaintiff for divorce and \$500 alimony, from Lloyd Hunter. They were married April 28, 1934, and separated Oct. 17, 1938. F. S. Hamilton is attorney for the plaintiff.

## Nixon Admits Sixth Murder

CONFESSED SLAYER OF FIVE WOMEN SCHEDULED TO DIE IN ELECTRIC CHAIR

CHICAGO, Oct. 22.—(UP)—Robert Nixon, 18, negro, charged slayer of five women, who is scheduled to die in the electric chair next week, "cleared his conscience" today by confessing a sixth murder, that of Mrs. Rose Valdez, 20, Los Angeles housewife.

Police Lieut. Thomas R. Bryan of Los Angeles announced Nixon had made his latest confession at the Cook county jail where he is held pending execution for beating to death Mrs. Florence Johnson in her Chicago apartment last May 27.

Bryan said Nixon had not given details of the Valdez slaying.

"He said he wanted to get this off his conscience, now that the chair is only a week away," Bryan said. "I'm going to get the details from him tomorrow or Monday."

During the period from February to May, 1937, Los Angeles was horrified by a series of brutal attacks on women, including the slaying of Mrs. Valdez early in February and the attack-slayings of Mrs. Edna Worden and her 12-year-old daughter, Marguerite, on April 4.

The assailant always used a brick. Similarity of the slayings to that of Mrs. Florence Castle in Chicago on June 29, 1936, led police to believe one man had committed all the crimes. Finally Nixon was arrested. He was taken, while leaving the scene of the Johnson slaying.

Within the next three weeks he confessed the Johnson, Worden and Thompson slayings and the attack-slaying of Anna Kutcha, 18-year-old student nurse at Chicago hospital.

## MAY TAKE ARMED ACTION

BUDAPEST, Hungary, Oct. 22.—(UP)—Hungary may take armed action against Czechoslovakia within 48 hours unless the Prague government makes an offer enabling resumption of negotiations over its Hungarian-populated territories, informed politicians said today.

## INDIANA FARM PRICES CLIMB IN SEPTEMBER

The economic sky appeared a bit brighter during September than during August for Indiana farmers with the general price index for 17 principal Indiana farm products reaching 99.9, which is 3.4 points higher than August's index, based on 1910-14 (quoting 100, according to a joint report of farm management and agricultural statistics departments of Purdue university, issued today.

Generally the September prices of Indiana farm crops were higher than during August except corn, which held its own, and apples and potatoes, which were 15 and 10 cents a bushel lower respectively. Only lambs, horses, and wool registered lower prices among the livestock products, the rest being higher in price.

With the exception of last July prices, the general farm price index in Indiana was higher in September than it has been since last March, when it was 104.4. Along with the rise in farm prices was a jump of three points in the purchasing power of Indiana farm products from 79 to August to 82 in September. At the same time the U. S. whole-sale price index remained unchanged at 114. Also it was pointed out that the Indiana farm purchasing power, shows the relatively good position of Indiana farmers in the national picture.

Among the increases in Indiana farm commodity prices in September over August were: 80 cents a hundredweight on calves, 40 cents a hundredweight on hogs, and 5.2 cents a dozen on eggs.

The regular ballots for use in the election cannot be secured before Monday.

## THE DAILY BANNER

Herald Consolidated  
"It Waves For All"

A BIBLE THOUGHT FOR TODAY  
Let us give thanks: Thou crownest the year with thy goodness; and thy paths drop fatness.—Psalm 65:11.

## PERSONAL AND LOCAL NEWS

Mrs. Leo Surber is reported ill with pneumonia at her home at Brick Chapel.

Elmo Sweet was in Lafayette Saturday attending the Purdue-Wisconsin football game.

Father Thomas J. McGrath has returned from New Orleans where he attended the Eucharistic Congress. Miss Elizabeth Ann Cannon a student in Ladywood school near Indianapolis is spending the week end with her parents, Mr. and Mrs. Frank Cannon, Northwood.

Mr. and Mrs. Andrew Gross of Roachdale, Mrs. Meda Long and Miss Naomi Carpenter spent Thursday in Nashville and visited other points of interest in the southern part of the state.

Funeral services for Mrs. Mary M. Davis, colored resident, who died Friday, will be held Monday afternoon at 2:30 o'clock from the Mt. Zion church. Other services and burial will be at Louisville, Ky.

Dr. and Mrs. W. M. McGaughey will leave Sunday for New York, where Dr. McGaughey will attend a meeting of New York Central Surgeons. They plan to return home Thursday.

Yes we will be glad to store your summer clothes during the winter months if you desire. No charge until removed from storage. Home Laundry & Cleaners. Phone 126. 22-11.

## HURST COLLINS POST ENTERTAINED FRIDAY

Several members of the Putnam County Post No. 58 went to Cloverdale Friday evening and were guests of the Hurst-Collins Post No. 281 at their membership roundup dinner and entertainment.

Among the out of town guests at the meeting were Mr. and Mrs. William Helgers of Malott, Mr. and Mrs. George Burns of Crawfordsville and Ray Townley of Danville. Mr. Helgers is a past district commander and Mrs. Helgers is district president of the auxiliary. Mr. Burns is present commander of the Sixth District and Mr. Townley is past northern district commander.

Those attending from the local post included Mr. and Mrs. Fred Pease, Mr. and Mrs. Roy Thomas, Mr. and Mrs. Roy Brackney, Mr. and Mrs. Eddie Buis, Mr. and Mrs. Raymond Baldwin, Mr. and Mrs. Perry Rush, Mr. and Mrs. Cecil Brown, Mrs. Roscoe Hurst, Mrs. Clara Hubbard and Ed Coffman.

C. R. Arendt is commander and H. C. Hurst is adjutant of the Cloverdale post.

## SHERIFF GETS BEAR MEAT

A "mess" of the meat of the bear upon part of which 75 Lions fed in Roachdale, Thursday evening, was brought to Sheriff John T. Sutherland in Greencastle, Friday evening, and he although not a Lion, relished it very much indeed. The gift came from one of the members of the party of hunters which killed the bear in the Rocky Mountains. The meat was frozen when it reached Mr. Sutherland and had been perfectly preserved.

Women's Bible Class  
Met With Mrs. Peck  
The Woman's Bible Class of Gobin Memorial Methodist church held its October meeting Friday afternoon at the home of Mrs. Stella Peck, Bloomington street. Twenty-three members and three guests were present. Mrs. Ethel Fraley had the program and reviewed the life of "Samuel Morris" the African who came to America. During the social hour the hostess served delicious refreshments.

Mrs. Hunter Hostess  
To Manhattan Club  
The Golden Circle Club of Manhattan held its regular meeting with Mrs. Lena Hunter with Mrs. Ethel Hodshire as assisting hostess.

The meeting was led by Olive Hutcherson and devotions were led by Maude Sublett. An interesting paper was read by Olive Hutcherson. Contests were won by Blanche Griffin and Kathryn Heath.

During the social hour refreshments in keeping with Halloween were served by the hostess.

Members present were Marie Craft, Mildred Hinote, Kathryn Heath, Anna Hall, Pearl Roberts, Lelia Fellows, Maude Sublett, Dovie Taylor, Alma Wright, Mildred Hinote, Olive Hutcherson, Rosalee Allen, Blanche Griffin, Ethel Hodshire, Lena Hunter and Dorothy Kaehler. Mrs. Leona Lane was a guest.

Sunshine Club Met  
With Mrs. McCamack  
The Sunshine Club met with Mrs. Hazel McCamack Thursday afternoon. Fifteen members and two guests, Mrs. Lulu Foster and Mrs. Goldie Vaughan were present. After the business session, a pleasant social hour was enjoyed, while refreshments were served.

A. A. U. W. To Meet Tuesday  
City planning, its implications, possibilities, and benefits, is to be the topic for presentation at the second meeting of the 1938 season of the Greencastle American Association of University Women, which will be held on Tuesday evening, October 25th, at 7:30. The Alpha Gamma

Delta house has been chosen as the place of meeting.

Doctor Harry W. Voltmer, Doctor Harold Zink, and Doctor Francis M. Vreeland, all DePauw University staff members, will present the subject of city planning, each concentrating upon a certain phase of the matter. Doctor Voltmer will explain the fundamentals and theory of city planning—the formulation of a concept of what the city in question should be and the pursuance of that end, by careful financial and physical planning, so that the community is a more beautiful one and its property values enhanced and protected. He will also discuss the personnel and organization involved in city planning and will present the physical aspects of such a plan, the layout of streets, use of land, zoning, and the like.

Doctor Zink's principal phases will be the aesthetic and the financial, and he will enlarge upon the means of making one's city more beautiful, at the same time employing sufficient foresight to make such beautification and improvement a financial possibility and not a burden for the community.

A "land-use map" of Greencastle, drawn up by Doctor Vreeland, will be the thesis of his part in the program. This chart shows the use to which all of Greencastle's land is now being put and presents some of the difficulties, as well as the benefits of a zoning restriction and other policies and practices inherent in city planning.

Program for the remainder of the year will be given to all A. A. U. W. members at this October meeting. These booklets are to be unusually attractive and will contain the names of all members and officers, as well as the program outline.

## Mary Ann Cash Entertained Guests

Mary Ann Cash entertained a number of her little friends Saturday afternoon at her home east of town, in honor of her fifth birthday anniversary, Thursday. She was assisted by Mrs. John Boatright and Mrs. Bill Cash.

## Guests Enjoy Weiner Roast

Thirty-nine friends attended a weiner roast Wednesday evening at the home of Mr. and Mrs. Elmer Cox, 3 miles south of Manhattan. The gathering was a surprise in honor of the birthday anniversary of "Mrs." Cox. Mrs. Cox received many lovely gifts.

Among those present were Elder Phillips, wife and son; Elder Woods, wife and children, Evangelist Peggy Roales, Mr. and Mrs. Ash and children, Mr. and Mrs. Eldon Wells, Mr. and Mrs. Scober and children and Mr. and Mrs. Hugh Bowman.

## 1939 Chevrolets Go On Display

## LARGE CROWD IS ATTRACTED TO SHOWROOMS OF GREENCASTLE MOTORS

The showroom of Greencastle Motors Inc., today attracted a large crowd when the 1939 Chevrolet models went on display for the first time.

W. A. Steele, president of the local Chevrolet-Buick agency, stated he was well pleased with the fine response of the public toward the new Chevrolets.

"The new Chevrolet embody not only distinctive style but an even finer aggregate of performance, safety and comfort characteristics than that which made their predecessors sales leaders in 1938.

"The major mechanical improvements are the new vacuum gearshift with steering column control and the new perfected knee-action riding system on the master deluxe. Improvements have been made in the ignition and oiling system, the carburetor, the intake manifold, thermostat control, the harmonic balancer, and the cooling system," Mr. Steele said.

Outwardly, the new Chevrolet is longer and lower in appearance. This is accomplished by the new design of fenders, wheels, running boards and hood, as well as by a new window treatment. The hood extends forward from the cowl in a smooth, unbroken surface, curving down gracefully at the front to meet the new radiator grille. The new construction of the top and side panels accentuates its sleekness. New and larger headlamps are cradled in the valleys between fender crowns and hood. The wheels are new, having four wide spokes inside of eight narrow ones.

"Chevrolet's perfected hydraulic brakes, box-girder frame, semi-floating hypoid rear axle, synchromesh transmission, and other established engineering fundamentals are continued without major change," Steele stated.

## CHURCHES

## THE PRESBYTERIAN CHURCH

Victor L. Raphael, minister.  
Jack Gillespie, Organist.  
Everett Dorland, director.  
Church school 9:30 A. M. Ernest H. Smith, Supt. A new class for young married people is being organized and will meet for the first session at this hour.

## CHRISTIAN SCIENCE SOCIETY

429 Anderson street.  
Sunday service, 11 a. m.  
Third Wednesday of the month p. m.

Sunday school, 9:30 a. m.  
Reading room 429 Anderson street open each Wednesday, 2 to 4 p. m.

"Probation after Death" is subject of the Lesson-Sermon in Churches of Christ, Sunday, October 23.

The Golden Text is: "God bring every work into judgment with every secret thing, whether he be good, or whether he be evil." (Ecclesiastes 12:14)

Among the citations which prize the Lesson-Sermon is following from the Bible: "For seeth that wise men die, like the fool and the brutish person, and leave their wealth to others." (Psalms 49:10). "Charge them that are rich in this world, that be not high-minded, nor trust in certain riches, but in the living who give us richly all things to enjoy. That they do good, that be rich in good works, ready to distribute, willing to communicate. Laying up in store for themselves good foundation against the time, that they may lay hold on eternal life." (1 Timothy 6:17-19)

The Lesson-Sermon also includes the following passages from Christian Science textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We have no right to say that life depends on matter now, but will depend on it after death. We spend our days here in ignorance of the Science of Life, and expect to find beyond the grave a reward for this ignorance. Death will not wipe out our ignorance, but will make it more permanent. We are no longer communing with God; neither can we return to life more than a tree can return to its seed. Neither will man seem corporeal, but he will be an undivided consciousness, characterized by the divine Spirit as 'ideal matter' (p. 76).

OLD MAIL PACKET RETURNED  
ALTON BAY, N. H. (UPI)—a five year absence, the mail steamer Uncle Sam will make free delivery to the many islands dotting the White Sea, largest lake in Hampshire. During Uncle Sam's absence, vacationists' mail has been delivered by the steamer Marshall.

# BUILD REMODEL DECORATE for WINTER Now!

**WASH. TO REDECORATE**  
The Washington St. store, which is being redecorated, is located on Washington street, occupied several months by Tompkins, is scheduled to start next week and be ready about November 15 for occupancy by Snider's, wallpaper, paint and glass store, it was announced today.

Snider, proprietor of Snider's, said that the building will be completely redecorated and that new and modern fixtures will be installed to accommodate his stock. He added that in addition to the regular line of wallpaper, paint and glass, the store will carry a complete assortment of student artist's supplies and materials.

Snider store will remain in its present location, in the building at 14 south Jackson street, until the west Washington store is made ready. Snider's store is located on south Jackson street for the past six years.

It is necessary to wax a floor that has been painted? By waxing such a floor, you will considerably the lifetime of the paint.

## MANY TYPE REPAIRS TO FARMS ELIGIBLE

Farmers may now use the FHA-insured mortgage to build or repair houses, barns, sheds, poultry houses, silos, and other farm structures. Banks, building and loan associations, trust companies, and other private financial institutions approved by the Federal Housing Administration make such loans.

Farm land may be either bought or refinanced on this plan when 15 per cent or more of the amount of the loan is used for materials and labor on the construction or repair of farm buildings.

## FLOOR LEVEL LIGHT HELPFUL IN BEDROOM

A recessed louver light located near the floor in bedrooms and nurseries is a new feature offered for the convenience of home owners.

The fixture gives a diffused glow that will not interrupt a person who is asleep and yet gives enough well-placed illumination to permit walking about a room without colliding with furniture. It can be so placed as to throw a soft glow on the head of a stairway.

## Home Building Is Accelerated

WASHINGTON, D. C., Oct. 22.—More than 1,200,000 persons are living in homes financed under the FHA plan, according to figures made public today by Administrator Stewart McDonald.

This number is now being increased at the rate of approximately 12-500 a week as a consequence of the accelerated home construction activities under the liberalized FHA program put into effect last February.

In addition, it is estimated that between five and six million persons have been enabled to improve their living conditions through the FHA Property Improvement program. More than 12,000 of these loans are being insured each week.

Premium paying mortgages recorded by the FHA covering small homes reached a total of 279,599 valued at \$1,159,523,341 on October 15th. Each of these mortgages represents at least one dwelling unit and some of them as many as four units.

Under the Property Improvement program a total of 1,706,364 loans valued at \$679,131,545 have been made by private lending institutions insured by the FHA. Of these loans, approximately 1,400,000 have been made for modernizing or repairing dwellings and 266,000 for improvement of small business or other types of properties.

The Federal Housing Administration's foreclosure experience continues highly satisfactory, according to Mr. McDonald. As of September 30th, only 331 homes had been turned over to the FHA following foreclosure. Net losses charged against the FHA as a result of sale at that date of 135 properties totaled slightly over \$70,000. To meet such losses the FHA has available a Mutual Mortgage Insurance Fund now amounting to \$22,963,822 accumulated in the Treasury from insurance premiums and appraisal fees.

This low loss ratio, Administrator McDonald explained, is due in large measure to the FHA appraisal and risk rating system, important features of which are protection of the home owner from over-buying and careful consideration of his ability to meet his payments.

The latest available statistics show that 61 per cent of home buyers under the FHA plan use less than 15 per cent of their incomes to meet their monthly payments, exclusive of taxes and hazard insurance, and that 22 per cent of them use less than 20 per cent.

## AIR LEAKAGE

In Summer about two-thirds of the heat entering a house comes in through the roof, but in winter only about one-third escapes through the roof.

Another third of lost heat goes out through the side walls and the remainder through window glasses and doors and by leakage around these openings.

## NEW TYPE OF PAINT

A paint that may be applied over plaster while it is still damp is available to anxious home owners who prefer to save time in completing their homes. This wall covering makes it unnecessary to wait until new plaster has dried thoroughly. It may be used as a base for other paints or as a finish coat.

## Reclaimed by Modernization

This sturdy old dwelling, dating well back into the early days of the 19th century, had been neglected to the point of virtual ruin. Ill-proportioned additions had marred the lines of its colonial architecture until it had become little short of an eyesore.

When a new owner bought the house, he decided to spend some money in modernization, with the result shown in the "After" picture. The Property Improvement Credit Plan of the Federal Housing Administration makes funds available for modernization work of this type.

## Questions - Answers

Q. Will the installation of a kitchen fan prevent odors from penetrating the downstairs of my home?

A. If a vent fan does not entirely eliminate cooking odors, it will at least make them less noticeable.

Q. How can I fix a leaking faucet?

A. First turn off the water supply where it enters the home, or if there is a valve on the water line you want to work on, turn it off there. Then loosen the nut on the faucet just below the handle and unscrew the handle which will withdraw the valve. At the bottom of the valve you will see the washer. Remove the screw that holds it in place and put in a new washer. Then replace the valve, tighten up the nut, and open the valve on the supply line.

Q. The flashing around the chimney is wearing out in places. Can it be patched?

A. If this is the case, it would be best to replace it and not attempt patching.

Q. We have a number of heavy pieces of furniture in our living room and are now considering a grand piano. How can I tell if the floor will stand this additional weight?

A. Have an engineer or builder examine the floor joists and determine the load they will carry if you have any doubt about the matter.

Q. What is the most satisfactory kind of garbage receptacle for a house?

A. A container that is buried in the ground and which has a removable inner can. The iron cover may be raised by means of a foot pedal. This arrangement is about as efficient and slightly as any you can get.

Q. Are handrails necessary on stairs? We have none in the new house we recently purchased.

A. At least one handrail should be provided on all stairs.

## WEATHERSTRIPS

Metal weatherstrips placed on windows will be of assistance in keeping down fuel bills during the winter months. These strips also help make a room more livable.

## UPSTAIRS LAUNDRY AID TO EFFICIENCY

An outgrowth of the trend toward planning for efficiency in small homes is the upstairs laundry.

In many old small dwellings this utility room was situated in the basement. This increased the work of the housewife. Today much unnecessary labor has been eliminated by locating the laundry in a compact space directly off the kitchen.

Not only is the efficiency of the home enhanced by such an arrangement but the basement space that may be utilized for recreational or living purposes is enlarged.

A modernization project to relocate a laundry or to build a laundry room may be financed with the proceeds of a loan obtained from private lending institutions qualified by the Federal Housing Administration under its Property Improvement Credit Plan.

## TALL SHUTTERS

A pleasing and unusual effect may be produced when the exterior of a home is modernized by installing tall shutters on first-floor windows.

These shutters extend from the top of the window to the floor line much after the fashion of shutters used with French windows.

## Use Of Storm Windows Aids Winter Conditioning Of Home

Storm windows are staging a strong comeback, according to builders, architects, and manufacturers engaged in producing glass and window sash.

Thirty or forty years ago these extra window glasses were considered necessities in many sections where winters were long and cold and heating was sketchy at best. With the coming of new types of heating systems and the adoption of the practice of insulating houses, the need lessened to some extent. In order to effect a saving in building costs, storm windows gradually fell into disuse.

The awakening of home owners to the possibilities of comfort and efficiency afforded by double glazing has re-created popularity for insulating glass, and storm windows are once again being widely used.

By having two thicknesses of glass in place of one, and because there is a mass of dead air between the two panes, cold from the outside cannot reach the interior of a house nearly as readily or intensely as when only a single window is used. A savings in fuel that will in a short period pay for the costs of double glazing is possible where the windows are thoroughly weatherstripped before the second sash is installed.

## DANGER OF DECAY

Home owners, particularly those whose houses are frame or shingled, should be careful not to allow leaves to pile up against the house. Left long enough, the leaves will rot and cause the wood to decay.

### Previews and Reviews AT LOCAL THEATERS

#### Voncastile

Action and romance run a race with Clark Gable and Myrna Loy as the principal characters in "Too Hot to Handle," drama-packed story of the thrills of a newsreel cameraman and a famous aviatrix, now playing at the Voncastile Theatre. The two are teamed following their outstanding success in "Test Pilot."

Gable and his rivals scour the world for newsreel thrills. There is action in China where Gable stands amid bombs to film an aerial attack; Miss Loy as an aviatrix attempts a mercy flight that ends in a crash through Gable's efforts to gain a "scoop."

#### Granada

Smartly dialogued, brimming with laughs, and offering finished and believable characterizations by such stellar performers as Janet Gaynor, Robert Montgomery and Franchot Tone, "Three Loves Has Nancy" opens Sunday at the Granada Theatre as one of the most refreshing and original romantic comedies seen here in some time.

The story is that of flippant novelist who gets into difficulties with a Broadway actress. In an endeavor to

escape the overtures of the too eager admirer, he persuades his publisher to send him on a lecture tour of the South.

#### Chateau

An entertaining mixture of spectacle, romance, comedy and music is the palatable fourfold attraction in "Breaking the Ice," the Bobby Breen starring picture which comes to the Chateau Theatre on Sunday.

The spectacle is provided by six-year-old Irene Dare, the world's youngest figure skater; the romance by Dolores Costello; the comedy by Charlie Ruggles and the music by Bobby Breen, who sings five hit numbers, three of them composed by Frank Churchill, who wrote the songs for "Snow White and the Seven Dwarfs."

### LEGAL NOTICE OF PUBLIC HEARING

Notice is hereby given that the Local Alcoholic Beverage Board of Putnam County, Indiana, will, at 2:00 P. REELVILLE SCHOOL NOTES  
The second monthly meeting of the Washington Township Parent-Teacher Association was held at Reelsville High School on Tuesday, October 18, 1938. There was quite a large crowd present, and the program was very interesting. Mr. Fowler D. Brooks, of the Education Department of DePauw University was the speaker of the evening. An interesting entertainment was given by the grade rooms of this school, under the supervision of Miss Akers Mr. Miller and Miss Neier.

### Primary News

The grade children of Miss Akers' and Mr. Miller's rooms gave the following P. T. A. program Tuesday night:

Song by Primary Room—"Come Little Leaves."

Play—"The Scarecrow."

Reading—"Farewell Summer."

Song by Intermediate Room—"Fairies' Dance."

Friday afternoon, the primary room was busy getting ready for the carnival.

Grade One has just completed their first color book.

Mrs. Marie Neese and Mrs. Martha Droher presented the Primary Room with two beautiful flowers.

Phyllis McElroy has been on the sick list this week.

### Intermediate News

The Intermediate boys softball team went to Poland Monday afternoon, October 17, to suffer a defeat of 8 to 3. At one time the team was sure of catching up. It had three men on bases and no outs. But wait! Chesler knocked a fly—one, Two, Three, a triple out!

Tuesday night, October 18, the intermediate and primary rooms co-operated to present the program at the monthly P. T. A. meeting. After the program, the pupils, accompanied by three teachers, went to the ball diamond and played games.

The Sophomores were ahead of the Freshmen in the spelling lesson last week. Our English teacher, Miss Chadwick, asked us to write a theme. The best and most nearly correct ones were hung on the bulletin board that is in her room.

The Junior class elected a new King and Queen for the Fall Carnival—Opal Skelton and John Nicholls. The former king and queen resigned, as they had been the king and queen of last year, also.

RATS DOUSE POLICE LIGHTS  
WINNIPEG, Man., (UP)—Rats disrupted the police department's street light signal system here. Searching for the cause of failure of the system, electricians found the rodents had chewed a chunk of lead from one of the cables laid in sewers and underground tunnels.

### MORTON

Mr. and Mrs. Bruce O'Dell of Morton and Mr. and Mrs. John Stout of Hollingsburg motored to Moweaqua, Ill., to visit relatives and returned on Friday.

Mr. and Mrs. George Basicker, Mr. and Mrs. Russell Helms and two daughters of Anderson spent Sunday afternoon with Wm. Lane and wife. Mr. Oral Maddox and son Billy and Mrs. Helen Maddox spent Saturday night at Indianapolis with Mrs. Pearl Frank and family. Mrs. Maddox will spend the week end with her daughter.

Mr. and Mrs. Roscoe White and daughter Roselle went to Indianapolis on Friday evening and on Saturday they left there for a trip to Florida for about ten days. Mrs. White's mother and sister and husband, made the trip with them and will visit their brother and family.

Mr. and Mrs. Clarence Lane and son Justis spent Saturday night and Sunday with home folks.

Bobby Call spent Thursday night with his aunt Mrs. Fieta Bell at Fin-

castle

Mr. and Mrs. Lee Miller and son Justis spent Saturday night and Sunday with home folks.

Lane spent Wednesday evening with Mr. and Mrs. Steven West and son Junior.

Mrs. Mable West received word of the serious illness of Mr. West's mother of Cincinnati, Ohio and went on Friday to help take care of her. Mrs. Carrie Clodfelter has been seriously ill the past week.

The school begins here on Monday after being closed on account of scarlet fever for several days.

Mrs. Georgia Martin spent Monday afternoon with Mrs. Carrie Clodfelter.

## SCHOOLS

Mrs. Cartwright, Mrs. Ellis and Mrs. Wiseman, representatives from Tri Kappa spoke to the members of the senior class and eighth grade Thursday morning concerning the tuberculosis tests which the Tri Kappa organization is sponsoring.

The annual Freshman-Sophomore party will be held next Wednesday evening. Among the high-lights of the evening will be initiation, a program, and dancing. It will be a masked party. Chairmen of committees making arrangements are Barbara Wright, Jimmie Hurst, Elmer Calloway, Marilyn Brown.

At the History and Travel Club meeting Wednesday Robert Stoner gave a very interesting talk about his trip to California. He told particularly of visiting the petrified forest, Painted Desert, Death Valley, and Grand Canyon. The students are looking forward to hear him again during the coming year.

The officers of the Junior Academy of Science which formed Wednesday are: President, Bill Edington; vice president, Danny Hanna; secretary-treasurer, Olive Mae Dean. Mr. Jones is the sponsor.

The Bachelors Club, sponsored by Miss Heitz, visited Cannon's store during their club meeting Wednesday. They were particularly interested in the new colors which are being introduced in men's clothing this year.

Mrs. Donner spoke to the members of the Book Club Wednesday about the book "Digging in the Southwest," by Ann Morris. Mrs. Donner, as always, gave an excellent review.

Last Friday, the Clothing I class went to Prevo's during their class period. There they were shown new styles and colors. This trip was in connection with their study of dress and style. They were especially interested in the new lines and colors for winter.

Evelyn Crump, Jean Wallen, Mary E. Abel, Anna Marie Eitel, Mildred O'Neal, Evelyn Johnston, Howard Buis, Eugene Meyer, Andrew Walbring and Charles Sheridan were chosen to sing at the State Teachers meeting at Indianapolis, October 27.

Ardith Nelson and Irene Mangus, pupils in Miss Schott's Foods II class gave a luncheon Thursday noon for three guests. Hazel Boswell, Wanda Covert and Margaret Hatcher, students in the same class gave a dinner for four guests Thursday evening.

Mr. Hagan's Home Room elected the following officers Wednesday: President, Marian Surber; vice president, John Rose; secretary, Gordon Monnett.

The Home Room Club of Miss Donnohue's home room was entertained by Johnny Cartwright, Lincoln Smith, Betty Handy and Miss Donnohue.

At the regular meeting of Mrs. Stratton's home room Hobby Club Wednesday, John Downey, a graduate of GHS gave a very interesting and instructive talk on amateur radio. John, who is particularly interested in radio work, brought a model which he built himself to demonstrate with.

The following are articles written by the fifth grade pupils about their "Good Citizens Club."

Our Club  
The fifth grade of Delilah Miller School has a good club. It is called, "The Good Citizen's Club." The club has a motto that says, "A good citizen is trustworthy." The idea of the club is to see who the best people in the room are. There are two sides to the club. Harry Jones is the president of one side and Susana Shelly is the other president. The club is a big help to the room in teaching children to be good boys and girls.

Mary Anne Bills.  
Our Club  
We have a Good Citizen's Club in the fifth grade of Miller School. The point that I have to work on most is not to whisper. I think that I am doing better. But I could work a little harder. The idea of the club is to make everyone a better citizen in our room. It has helped me I know.

The second grade children of Miller School sent baskets filled with toys,
